Standards Regarding Mileage & Per Diem

If a coach has 2 or more teams at a tournament then an additional coach can be requested. Cost of all coaches are split between two or more teams.

All payments, including mileage, are only made if the coach incurs the cost. To the extent possible, mileage and per diems should be paid prior to the tournament, adjustments for costs not incurred can be made at a later time. For out of metro tournaments, the coach can elect to travel back home. Teams are responsible for the lesser of the cost of an overnight stay or the additional mileage.

Examples: If a coach rides with another coach, only one coach is paid mileage reimbursement. If a tournament provides complimentary lunch, then no lunch per diem is paid. Coaches are responsible for claiming the appropriate amount of per diem, based upon how they traveled and their attendance at team games.
